In a great many cases, a single has been sufficient for a cure, and whole families have been cared by a single bottle, with a perfect rest ration to general health. It is, however, prudent and in every case more certain to cure, if its use is continued in mailer doses for a week or two after the disease has een checked, more especially in difficult and long-stand-ing cases. Usually this medicine will not require any id to keep the bowels in good order. Should the patient however, require a cathartic medicine, a single dose of BULL'S VEGETABLE FAMILY PILLS will be suff-

BULL'S

SARSAPARILLA.

Church, Louisville, &y.

Doctor John Bull—Dear Sir:—Many thanks to you for the medicine you have so kindly given me. I have been a great sufferer for years, and had the advice of various physicians. Some pronounced my spine, some my inage, and some my heart to be the seat of my disease. I have been burnt, blistered, and cupped, till I had become disheartened. Several very eminent physicians who examined my spine informed me that I was threatened with paralysis or appoplesty any day, and that nothing but a seton would relieve me. I had a perfect horror of that, and was hesitating about having one inserted, when you kindly sent me your Sarsaparilla, which I immediately begun to take three times a day. I suffered terribly with a most acute pain in the right side of my head, especially when I would read or write for any length of time, and on rising to my feet, I would be perfectly blind for several minutes, and would have to hold to something to prevent falling.

prevent falling.

I am most happy to inform you that the pain in my bead is entirely relieved; I suffer but seldom with my spine, and then not so acutely. My appetite is good; indeed, for the first time in my life, I enjoy my dinner more than any meal during the day.

You kindly sent me lour bottles again last night, and I began again this morning and I hope to be entirely relieved. Please accept my heartfelt thanks and best wishes.

Very truly your most grateful friend,

M. B. C. RIVERS.

ANOTHER TESTIMONY.

BENTON BARBACKS, Mo., April 20, 1866.

Doctor John Bull—Deor Sir; — Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case:

I was wounded about two years ago, was taken prisoner, and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarasparilla than anything else. I wish that which is genuine. Please express me half a doren bottles, and oblige.

Johnson, mother of Capt. Johnson:

Dr. John Bull—Deer Sir :— My husband was a skillful aurgeen and physician in Central New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age, he had a chronic diarrhea and scrufula, for which I gave him your Sarsaparilla. It cured him. I have for ten years recommended it to many in New York, Ohio, and lowa, for scrofula, fever-sores, and general debility. Perfect success has attended it. The cures effected, in some cases of scropkin and fever sores, seers almost miraculous I am very auxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover. Johnson, mother of Capt. Johnson :

DEFERRED MATTER.

LETTER PROX BROOKLYN.

BEGORLYN, N. Y., Oct. 4, 1879.

ED. CHIEF:—T. De Wist Talmage sailed for Barope soon after his vindication. His friends and encuies were glad to have him leave Brooklyn; his friends were find to have him leave Brooklyn; his friends were in favor of his departing, for they knew he needed rest and recreation, after the vexations and tribulations of the trial; and his fees were glad to have him out of sight. And now the famous Presbyterian pustor has returned to his beloved country, reated, full of new ideas, determination, and fresh courage, and minus none of his original conceit; neither has his voice lost that peculiar grating twang which has given him so much notoriety. On his arrival, on the 30th ultimo, he was greeted by hundreds of people, who went to meet him in a special steamer, and he was escorted to his home amid the wildest enthusiasm. Last night's reception at the Tabernacle, however, exceeded anything of the hind hereaforce conceived. By eight o'clock, every seat in the vast building was filled, and the manifestations of applance and cheery greeting knew no bounds. No paster in the country has ever received a more hearty and warm welcome. Mr. Talmage was moved to tears, that came to his eyes by no feigned action, but from the demonstrations of love that burst from so many friends; and the audience were likewise impressed, so sympathetic was the music from the grand organ and trained aingers, and so eloquently poured the words from the various apeakers.

muse from the grand organ and trained angers, and se eloquently poured the words from the various apeakers.

Heary Ward Beecher's vacation is nearly ended, and it is almost needless to state that thousands are happy that such is the fact; for with the return of the crisp air of Autumn, nothing makes a person feel that life is a pleasant existence so much as to listen to one of Beecher's fall sermons.

Dr. Elbert S. Porter and Rev. Newland Maynard, both of Brooklyn, are enjoying their play-line across the Atlantic; the former was in Switzerland, and the latter in Egypt, from last accounts. The Brooklyn fixes contained letters from each of the reverend gentlemen, a few days since.

Everybody not fond of Roman sports, are glad that the great walk for the Astley belt has drawn to a close. At the same place, Madison Square Garden, will soon begin contests of pedestrianism more in accordance with the laws of health, and furnish more genuine sport. O'Leary is the manager, and much fun is anticipated.

Sothern, the inimitable "Lord Dundreary," is drawing immense audiences at the Park Theatre, New York, in the "Crushed Tragedian."

Booth's Theatre, New York, has been entirely renovated by Dion Boucicault, whose drama, "Rescued," is having a good "run."

Rev. Robert Collyer, formerly of Chicago, has accepted a call of the Unitarian Church of Messiah, New York, and last Sunday preached his initial sermon to a crowded church.

Is a compound of the virtues of sarsaparilla, stillingia, mandrake, yellow dock, with the iodide of potash and iron, all powerful blood-making, blood-cleaning, and life-sustaining elements. It is the purest, safest, and in every way the most effectual alterative medicine known or available to the public. The sciences of medicine and chemistry have never produced so valuable a remedy, nor one so potent to cure all diseases resulting from impure blood. It cures Serofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Pimples and Face-grubs, Pustules, Blotches, Bolls, Tumors, Tetter, Humors, Balt Rheum, Scald-head, Ringworm, Ulcers, Sores, Rheumatism, Mercurial Disease, Neuralgis, Female Weaknesses and Irregularities, Jaundice, Affections of the Liver, Dyspepsia, Emaciation, and General Debility.

By its searching and cleansing qualities

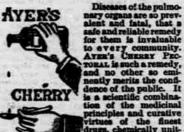

By its searching and cleansing qualities it purges out the foul corruptions which contaminate the blood, and cause derangement and decay. It stimulates and enlivens the vital functions. It promotes energy and strength. It restores and preserves bealth. It infuses new life and vigor throughout the whole system. No sufferer from any disease which arises from impurity of the blood need despair, who will give AYER'S BARSAPABILLA a fair trial. Remember, the earlier the trial, the speedier the cure.

For nearly forty years Ayrn's Sarsara-RILLA has been widely used, and it now pos-sesses the confidence of millions of people who have experienced benefits from its mar-vellous curative virtues.

THE BEST REMEDY

Diseases of the Throat and Lungs.

CHERRY is a se principles and curative virtues of the finest drugs, chemically united, to insure the greatest, which enables physicians as well as invalids to use it with confidence. It is the most reliable remedy for diseases of the throat and lungs that science has produced. It strikes at the foundation of all pulmonary diseases, affording prompt and certain relief, and is adapted to patients of any age or either sex. Being

dation of all pulmonary diseases, affording prompt and certain relief, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it without difficulty. In the treatment of ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthmas, Croup, and Catarrh, the effects of Ayras's Chranar Protonal are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household, for the protection it affords in sudden attacks. In Whooping-cough and Consumption there is no other remedy so efficacious, soothing, and helpful.

Eminent physicians in all parts of the country, knowing its composition, recotamend AVER'S CHERRY PROTORAL to invalids, and prescribe it in their practice. The test of half a century has proved its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.
